Exotic Wenge Wood

Wenge wood, a very hard and exotic material, is grown in Central Africa. This dark brown wood is characterized by black streaks, a distinctive figure, and a jagged grain

pattern. Its heavy and durable nature makes it an excellent choice for flooring and staircases. The stock set made from this wood resembles the classic milled AK47 stock sets and has a unique look and feel that can only be truly appreciated when held in your hands.

WBP Jack Exotic Wenge Rifle

The Jack Exotic Wenge Rifle, imported from Rogow, Poland, and crafted by WBP, is a robust firearm designed with rock-solid features. WBP, a Polish firearms manufacturer, supplies parts and firearms to police, military, and civilian shooters around the world. This rifle, chambered in 762x39 semi-auto, accommodates a wide variety of magazines and drums, ensuring versatility for any user.

The rifle's Old School styling, paired with a Wenge Exotic wood stock set, gives it a classic AK appearance, enhanced by a deep, rich black metal finish. The barrels, provided by FB Radom, the Polish military's supplier, are hammer-forged and chrome-lined, ensuring long-lasting durability and precision. Additionally, the rifle features factory serial numbers on most major parts and the Polish Eagle on the left side of the sight block, boosting its collectibility and resale value.

For those seeking a high-quality AK rifle with traditional style, the WBP Jack Exotic Wenge Rifle is an excellent choice. The rifle comes with a 30-round AK 47 magazine.
