

WBP Mini Flashider 14mmx1LH Gen2

Brand:

Product Code:

WBPMiniFlashider14mmx1LHGen2

Price: \$38.99

Description

- Original Polish Import
- Gen 2
- Standard AK47 14x1 Left Hand thread pattern
- Fully heat treated
- Reduces flash and enhances reliability

Polish-made WBP Mini flash hidere are perfect for AK pistols and short-barreled rifles. Crafted entirely in Poland from industrial-grade steel, these flash hidere are fully heat treated and precisely machined. Designed to serve as both a flash suppressor and a booster, this device features a chamber that increases back pressure in the gas system, enhancing reliability while directing the blast and flash forward. These muzzle devices come with a 14mmx1 LH thread, making them compatible with most AK models available today. Be sure to verify your thread size and pitch before placing your order!
