- Easy to adjust with no tools

The WBP AK47 Scope Mount, proudly made in Poland, is designed to fit most AKM-AK47 rifles that have a rail on the left side of the receiver. Constructed from durable all-steel material, this robust rail can withstand heavy use, providing a reliable platform for mounting either red dot sights or magnified scopes. It's an excellent enhancement for your WBP Fox or Jack series rifles, completing your setup. We've conducted tests with various rifles equipped with the side rail, ensuring compatibility. Please note that the gun and optic are not included.
